## Skills

- Web Development
- Web App Pentesting
- Cyber Forensics
- Public Speaking
- CTF
- Networking

## Achievements

- 2016-10

- CU-HACKATHON**  
**2nd Position**  
Won 2nd Position in Hackathon
- 2018-01

- Eureka, Kshitij 2018, IIT KGP**  
**1st Position**  
Won 1st Position in Research Paper Presentation during Kshitij-2018 at IIT Kharagpur.
- 2018-02

- Paper Presentation, IIT Delhi**  
**2nd Position**  
Won 2nd Position in Research Paper Presentation during Tryst-2018 at IIT Delhi.
- 2018-03

- Pre-Conclave INAE, IIT Kharagpur**  
**3rd Position**  
Won 3rd Position in "Digitization Of Agriculture" during 2nd INAE Youth Conclave held at IIT Kharagpur.
- 2018-12

- InCTF-2018**  
**13th Position**  
Secured 13th Position in CTF (Capture The Flag) , a Cyber Security Competition conducted by Team BiOs, Amrita University.  
Round - 1 Jeopardy CTF, Round - 2 Attack/Defense CTF.
- 2019-01

- Eureka, Kshitij 2019, IIT KGP**  
**2nd Position**  
Won 2nd Position in Research Paper Presentation during Kshitij-2019 at IIT Kharagpur.
- 2019-03 - 2019-04

- TechnoUtsav 2.0**  
**TOP-10 Finalist**  
Finalist in CCTC - Collegiate Cyber Threat Competition, TechnoUtsav 2.0, Deloitte. Where about 13,500 students participated in Round - 1 ELQ, Round - 2 Jeopardy-CTF, Round - 3 Incident Response Threat Intelligence
- 2019-05

- Sensitive Data Exposure**  
Hall of Fame  
Found an Critically High Vulnerability "Aadhaar Card Leakage" in our university's management system while auditing the system security.  
Module-Student Documents in Domain- uims.cuchd.in  
Vulnerability - Broken Auth, IDOR
- 2019-04

- IDOR Attack**  
Hall of Fame  
Found a Insecure Direct Object Reference vulnerability in our university's management system, Where one can manipulate the Packet to send a Complaint/Request from other's account.  
Module- Student Welfare Request  
Domain - uims.cuchd.in
- 2018-11

- Account Takeover**  
Hall of Fame  
Password Reset Vulnerability in Domain- uims.cuchd.in
- 2018-10

- Stored XSS**  
Hall of Fame  
Domain - fasttrack.cuchd.in

## Courses

- 2017

- Computer Hacking and Forensics - Cybrary
- 2018

- Programming with Python - Internshala Traning
- 2018

- Cyber Security, Lucideus
- 2018

- Full Stack Web Development, Eduonix
- 2019

- Ethical Hacking, Internshala

## Projects

- WAPT SIMULATOR**  
A Web Application Penetration Testing Simulator designed to test all the OWASP TOP-10 Vulnerabilities in an virtual environment.
- CTF-ZONE**  
Hosted at <https://ctf.haxonic.com> which is a *Capture The Flag* competition gameplay which will help to enhance the skills in Cyber Security Domain which include WAPT, Reverse Engineering, Binary Exploitation, Cyber Forensics & Cryptography.
